

Samaritan Center School Supply Drive

It's extremely important for children to have what they need for school. Many of the clients of the Samaritan Center tell them how their children not only don't have their own room but some even sleep on the floor. They're embarrassed to have friends over and some even make up stories about where they live. The Samaritan Center does its best to change these situations but as you know, they can only do so much, but when it comes to the classroom, all things should be and can be equal.

The Samaritan Center believes education is the most important key to escaping poverty and we want to help them stay committed to promoting education to the greatest extent possible.

In an effort to collect as many school supplies as possible, MSAE is asking for your help at the Funfest this year. Please bring your school supply donation(s) on Monday, September 17th to the Funfest.

Any and all donations are greatly appreciated, and as always, cash donations go a long way!
